

Ecoware Lanka Catalogue

Introduction

Ecoware Lanka is the supplier of eco friendly disposals. We supply a wide range of plant-based products from Coffee cups to cutleries, from food boxes to straws. Our products have a significantly lower impact on the environment, and will help you realize your sustainability goals. The Ecoware Lanka Product Line offers reusable products as well as products produced with lower carbon emission, or are made out of recycled materials. We believe in supporting our local businesses and entrepreneurs.

Our catalogue reflects the most popular and frequently ordered products. However, if you are looking for another product, please contact us as we can provide for a broader product range. Our dedicated customer service team is readily available for you in case you should have any questions about our products.

The eco friendly materials we use:

Paper / paperboard

- Materials sourced in a sustainable manner
- recycled paper whenever possible.

Kraft papers

- Minimally chemically treated. Kraft paper is a biomaterial and completely biodegradable. Very recycling friendly.

PLA

- PLA is a clear, plant-based, flexible material that is compostable. Appropriate for cold use.

Bagasse

- Made out of residue of sugar canes.
- Very compostable friendly
- Sturdy material for hot and cold usage.
- Eco-friendly look and feel
